Product Description: Cured-In-Place Thermosetting Resin Conduit Liner

Listee: PERMA-LINER INDUSTRIES INC.

CLASSIFIED

6196 126TH AVENUE NORTH
LARGO , FL 33773
USA

Expiration Date: 04/2004

Identification:

Manufacturer's name or trademark, model description of woven or nonwoven material and associated thermosetting resin, and the C/IAPMOtm triangular certification mark.

Characteristics:

Woven or nonwoven material and associated thermosetting resin are manufactured to combine and yield a cure-in-place thermosetting resin liner that meets the requirements of ASTM F 1216-96

Woven or nonwoven material and associated thermosetting resin are installed using the pulled in place practice that allows the inversion and curing of a resin impregnated tube for the rehabilitation of existing DWV pipelines and conduits. To be installed in accordance with the manufacturer's instructions.

Models:

#PL
